Save the Date for August 19th

Please join us on **August 19, 2010** to celebrate the best of the best at the **2010 Clean Air Action Leadership Awards Luncheon!**

Join us as we recognize businesses and local governments for their outstanding leadership in implementing measures which serve to reduce the air pollutants associated with such organizations and their activities within our eight- county region.

This year's event will honor organizations within the eight county non-attainment region which have policies that encourage their employees to use commute alternatives or which have adopted clean fleet policies.

These companies and local governments continue to demonstrate regional leadership through their adoption of various voluntary measures which serve to improve both air quality and quality of life in the region.
